

Dear Dr. Henney,

I am writing to express my concern
FDA's regulation of genetically engi
(GE) food, to ask that the agency's
policies be changed, and to support
points in docket #00P-1211/CPI

☒ All GE Foods should be labeled so I am
informed and have a choice.

☐ GE Foods should not be assumed to be
"generally recognized as safe" and should
have mandatory pre-market safety testing

☐ There should be a moratorium on GE
Foods until long-term studies show they are
safe for human health and the environment.
